## BIOS-Update for PC systems with ECS B660H7-M20 motherboard

Please proceed as follows when installing the bios update:

1. Download the bios update relevant to you via the corresponding link.

## ECS B660H7-M20:

https://cdn.medion.com/downloads/software/00\_Bios\_b660h7-m20\_v2.zip

- 2. Unzip the downloaded file into a directory of your choice on the hard disk.
- 3. Start the Bios update from the appropriate folder under the Windows interface via a console started with administrator rights by carrying out the following steps:
  - 3.1 Press Windows-Key on your keyboard.

3.2 Type the command CMD and select the option "Run as administrator" to start the command prompt.
